HOW IT WORKS

Our artists mingle in your crowd drawing your guests' portraits where they are (no waiting in line!). Drawings are emailed to the guests and printed on the spot.

Once the artist begins sketching, guests are attracted by the activity and request to have their own portraits drawn.

Digital artworks are quick and hassle free. Be part of the latest trends in digital artmaking with a hand-drawn style.

OUR APPROACH

Drawing Booth works with talented artists capable of creating a minimalist portrait in just a few minutes.

Our artists provide a sophisticated experience in both their creative and personal styles and are trained to mingle and help your guests have a good time.

These are NOT caricatures.
These are sophisticated minimalist portraits.

SUGGESTED ARTIST TO GUEST RATIO

1-2 50-150 | 2: 60-250 | 3: 150-350 | 4-6 / 400+

Please note that not every guest may be interested in being drawn themselves but may enjoy the performance regardless.

*Estimates are based on typical 3 hour events and vary on guest participation, accommodative conditions, and adequate lighting.

EXPLORE OUR STYLES

Our signature style is a black and white
flattering minimalist portrait.

If no other specific style is chosen this is what you can expect.

We allow the artists to use their best judgement in the moment if no other event style direction is given. Style changes may include a dash of color or integrating a full body drawing if it is within the artist's available timeframe.

CUSTOM BRANDING BACKGROUND STYLES

Each event is given custom treatment.

"We hired NY Drawing Booth for a Client Event and cocktail party at a gallery in Chelsea. From start to finish the team was an absolute pleasure to work with. They created branded templates for our portraits, they interacted with the guests at the party, and they gave them something memorable to go home with rather than cheesy event swag. I would highly recommend them to anyone looking for that special something to add to their event. Bravo!"
