## Testimonial:

“Elke and the brilliant team at Drawing Booth were a delight to work with. At the Untethered event we collaborated on delivering a session called The Long Conversation, where participants joined the meeting to discuss What Inspired Them and the conversation themes were illustrated. **Not only were Drawing Booth so creative and talented in their work during the session, they were thoughtful and knowledgeable in ideating and preparing for the conference session itself.** This was the first time that this kind of format had been tested in a virtual conference setting and Drawing Booth’s partnership was key to creating a beautiful and engaging experience for our audience. Thank you Drawing Booth from all of us at Storycraft LAB!”
